SUOMI.FI PROVIDES HELP FOR LIFE EVENTS

Suomi.fi is your shortcut to helpful information and your one-stop access to public authorities for your needs, both big and small.

The easy-to-use web service provides answers to your questions for a number of government authorities: What do I need to do, which authority should I contact, and how can I take care of things as easily as possible.

The right information is always accessible, wherever you go. You can use public services when it suits you best.

OPEN DOORS WITH ONE LOGIN

When you sign on to Suomi.fi with your bank id, mobile id or personal id card, you automatically gain access to Kela, Trafi, Customs and several other authorities' services. You can also check your personal information on various registers.

You can use almost all official electronic services with a single identification.

ALLOW SOMEONE ELSE TO HANDLE YOUR MATTERS

If you are unable or unwilling to deal with officials or companies yourself, you can authorize another person or company to take care of things on your behalf.

Digital authorization is valid when using web services, and soon it will also function in offices and customer service points.

In the future, a growing number of organizations will enable digital authorization. It will ease many everyday challenges, such as handling matters for your children or your elderly parents.

COMMUNICATE WITH AUTHORITIES ONLINE

Communicating with authorities becomes faster and easier when you can receive releases, decisions and other messages from authorities through the Suomi.fi web service. You can also stay in contact with authorities securely using Suomi.fi mobile app.

When messages are delivered directly to and from the right authority, your matters are processed more quickly, and important information will reach you with no delay—at home, at the office, or even when you're on the go.
